

CREATING AN ONLINE SUMMER SCHOOL PROGRAM WITH SEVENSTAR

Who will you market the summer school program to?

- Students who need to make up credits
 - Students who failed courses
 - Students who missed a course or are missing credits
- Students who want to prepare for college entrance exams (ACT, SAT, PSAT)
- Students who want to get ahead with extra credits
 - Students on a nontraditional schedule
 - Students who want to graduate early
 - Students who want to try out a new course or study something new
 - Students who want to move ahead in the brick and mortar setting
 - Students who want to earn college credit over the summer (Dual Credit)

How will you run your summer school program?

- Site-based: Students will come to campus several times a week to work on their courses
- Home-based: Students will work on their courses at home
- Hybrid: Students will work on their courses both on campus and at home

Which courses will you offer through Sevenstar?

- Any or all courses
- Subject specific (Math, Science, Electives, Health, etc.): _____
- Dual Credit
- Credit Recovery
- AP Courses
- Test Prep courses (ACT, SAT, PSAT)

When will your students start working in their courses?

- Any Monday start date throughout the summer
- A set Monday start date: _____

When should your students complete their courses?

- Any summer end date before school starts
- A set end date before school starts: _____
- Students can continue working in their summer courses after school starts

**Reminder: Course extensions are available upon request and approval from the school*

Who will order and pay for courses for your students?

- School administrator
- Parents

**Reminder: Courses should be ordered and paid for before the end of the 2021 to 2022 school year*

Who will monitor student progress over the summer?

- School administrator
- Designated teacher
- Parents
